

RITE NOW @ ROP

ROP's Response to COVID-19 (Coronavirus)

Rite of Passage is committed to the health and safety of our staff and the youth in our care, and will continue to deliver critical services to vulnerable youth. We are an essential service provider by state and federal definitions and are authorized to operate during this pandemic.

ROP has released a Special Edition COVID-19 Public Service Announcement for staff and youth, presented by Canyon State Academy, that provides additional information about the virus, related symptoms, high risk populations, and ROP's operational best practices.
